

Office personnel will answer calls to school during the day. They will then connect you to teachers' voice mail. *(Please listen to the prompts when leaving voicemail)* Teachers will check their voice mail **at the end of the school day**. If you need to get a message to a teacher **before** school is out please leave a message with office personnel. After hours you may leave a message using the automated system. Again, please listen to the prompts. The kindergarten building has a separate phone line. Please call the school office to leave messages and to report absences.
